A low-angle photograph of two men in business suits shaking hands. They are standing in front of a tall, modern skyscraper with a blue and white facade. The sky is clear and blue. The image is oriented vertically, with the men's heads at the top and their hands shaking in the center. The text is overlaid on the left side of the image.

VISION DEDICATED TO A PARTNERSHIP WITH CUSTOMERS BASED ON MUTUAL TRUST

OLI's paramount objective is to establish a mutually beneficial relationship with our customers, who are a key influence in shaping the company's business model. Meeting the customers' needs is a priority, achieving a trustful partnership is the reward.

By supplying competitive high quality products for wide-ranging applications, OLI combines performance and reliability by adapting to the ever-changing market. A strong believer in innovation, OLI is constantly striving to be ahead of the curve.

HISTORY

SOLID FOUNDATIONS

OLI has been committed to delivering market-oriented products since its foundation in 1961.

1961

Specialising originally in immersion vibrators for concrete consolidation, the 1980s saw the company begin production of electric and pneumatic external vibrators, which would go on to become OLI's main products and would account for 70% of the sales by the early 1990s.

1980

Acquisition by Wamgroup, known for its stature in the bulk solids handling & processing industry.

1997

The opening of affiliates across the globe was the next step, the first foreign subsidiary being set up in China, while more branches in other continents soon followed.

1999

OLI has been head-quartered in Modena, northern Italy.

2003

OLI is the world's top selling company of vibrating motors.

2012

Acquisition of Visam, Italian manufacturer of electric vibrators since 1994. Visam has been dedicated to designing, manufacturing and marketing a full range of vibrating motors with top quality materials and components.

2013

Wolong Group has become OLI's major share holders.

2015

Acquisition of Covibra, Italian manufacturer of high frequency pneumatic vibrators.

2019

CAPABILITIES PUTTING THE CUSTOMER FIRST

Excellent customer service is of pivotal importance at OLI: the company guarantees order processing within 24 hours, as customers worldwide can enjoy access to the same high quality product and services.

With its skilled competence and valuable knowledge of the industry, OLI is a credible expert when it comes to assistance in finding the most suitable solution to each individual customer's request.

FACTS & FIGURES SETTING A TREND

A constant increase in sales turnover and a duplication of the global workforce within five years are indisputable proof of OLI's rapid growth.

Making business simpler for customers while going global with a first-class product has proved successful in making OLI the world's top selling company of electric vibrators.

PRODUCT RANGE FIRST-CLASS QUALITY PRODUCTS AND SERVICE

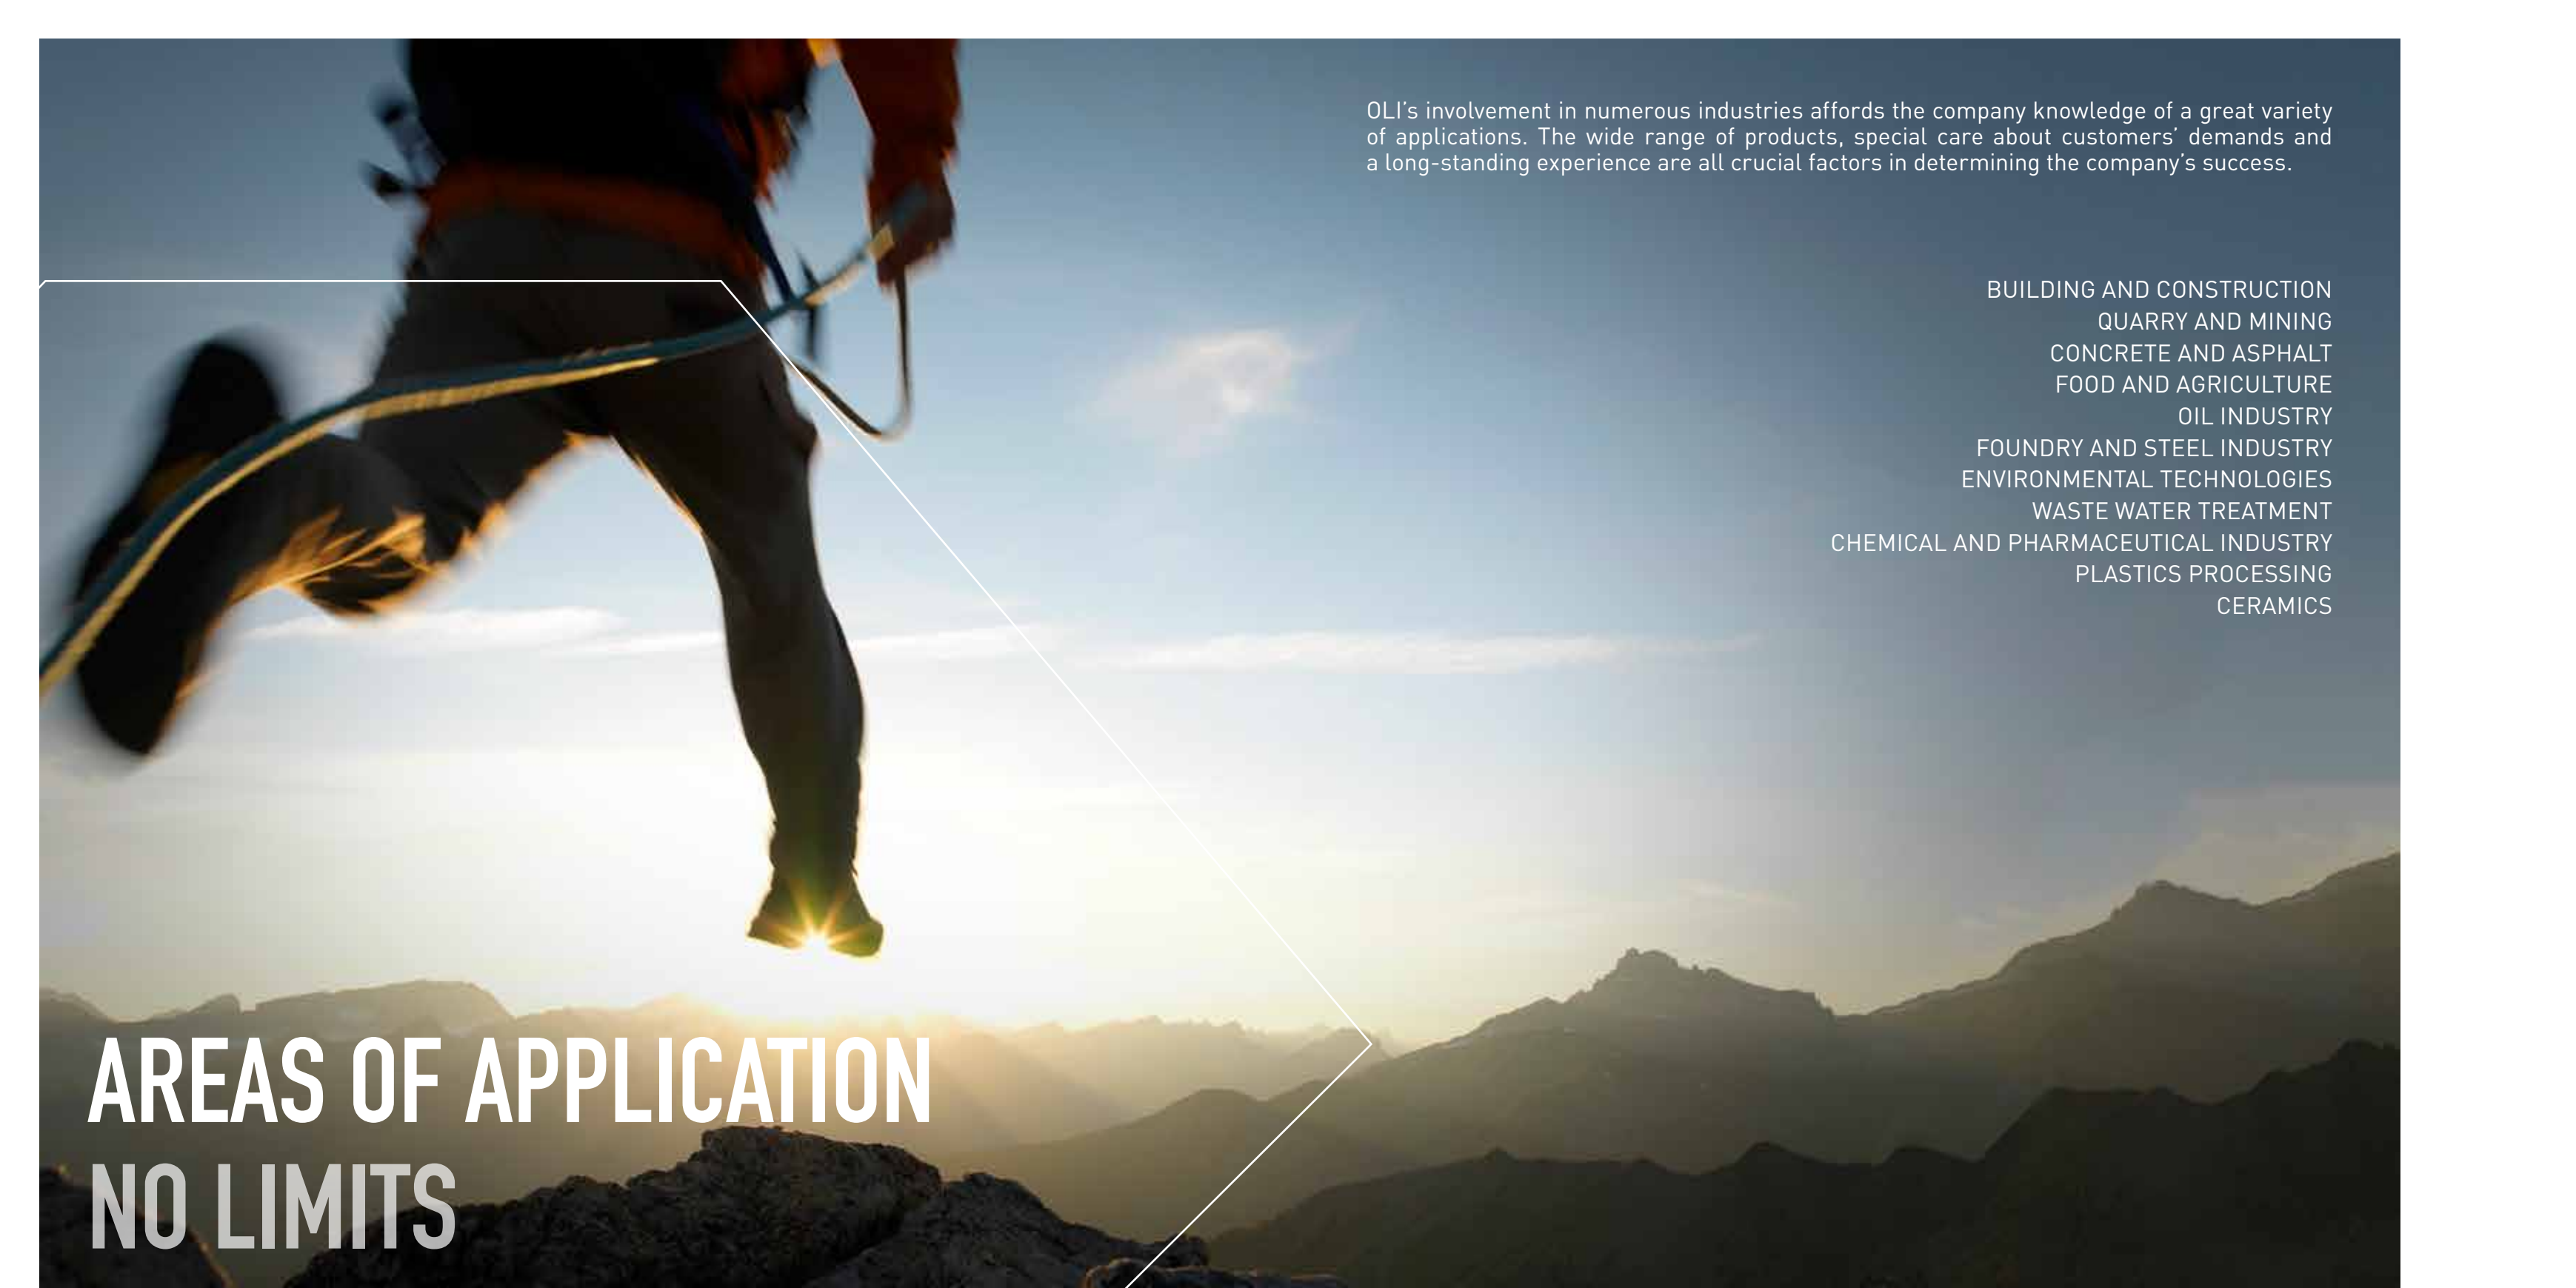

All of OLI's wide range of products are market-oriented and can be used in numerous fields of application.

The main focus of OLI's business is electric vibrators, which are designed and produced by the INDUSTRIAL VIBRATOR Division.

The FLOW AIDS Division offers a comprehensive range of electric and pneumatic vibrators to solve any problem of flowability.

OLI's CONCRETE VIBRATOR Division includes converters, electric and pneumatic vibrators for reliable and efficient concrete compaction.

A person riding a horse over a mountain range at sunset. The sun is low on the horizon, creating a warm glow and silhouetting the mountains. The rider is in the foreground, and the horse is in mid-air, suggesting a jump or a gallop. The background shows a vast landscape of rolling hills and mountains under a clear sky.

OLI's involvement in numerous industries affords the company knowledge of a great variety of applications. The wide range of products, special care about customers' demands and a long-standing experience are all crucial factors in determining the company's success.

EMPHASIS ON QUALITY GLOBALLY ASSURED AND CERTIFIED

OLI's objective is to provide a service of the highest standard to its customers, which means quality awareness is one of the company's main areas of focus.

A team of engineers specialises in designing efficient, reliable and safe solutions backed up by a globally certified quality management.

CLASS I DIV.1
GROUP C.D T4

E488916

OLI is a keen advocate for innovation in a highly competitive global market.

The company's R&D department focuses on the development of cutting-edge technologies towards advanced solutions.

Products smaller in size and lighter in weight yet higher in performance and lower in energy consumption are the tangible result of OLI's constant commitment to offering the best deal on the market.

RESEARCH & DEVELOPMENT THE IMPLEMENTATION OF INNOVATION

The background features a large, dark tree on a green hill under a blue sky. Several bright orange and yellow light trails swirl around the tree. A white geometric line, resembling a stylized 'L' or a corner, is overlaid on the scene, extending from the top left towards the center.

OLI GROUP BRIDGING DISTANCES

OLI is based on a business approach shaped by efficient teamwork and strong internationalisation, with a large number of manufacturing facilities and trading subsidiaries located on all continents.

All business strategies are defined with a global mindset and implemented locally through our own network, close to our customers.

LOOKING TO THE FUTURE FACING TOMORROW'S CHALLENGES TODAY

Our goal is to be always one step ahead of our competitors and anticipate the needs of our customers. Today we provide our customers with state-of-the-art equipment. The blueprint for the next generation of products is already in our mind.

WHEN YOU NEED IT, WHERE YOU NEED IT.
